Summary

Rebuilt six years ago by the Artisans at the Steinway & Sons restoration facility, with an action completely redesigned and customized by the legendary David Stanwood himself, this Steinway C is truly a racehorse of a piano in every possible way.

We've been given this gift of an opportunity to sell this by a dear friend, a world-class player...and so much more. His presence is requested, even demanded all over the globe, and being driven by his higher purpose to answer those calls... he can't take this 800-pound symphony orchestra with him.

My dear friend's loss is your incredible gain. Remember, experience always replaces belief and speculation. Play it and revel in the beauty...

- Showroom condition
- Complete restoration
- 10-year limited warranty
- Massive price-to-value ratio
- Free artist bench
