Summary

In 2003, a client traveled to the factory showroom in Vienna, and selected this piano out of a lineup of four...then ordered it with custom all-chrome fittings. When it arrived in the states, we set it up, with precise regulation, tuning, and voicing, in the owner's home.

About eight years ago, we lost touch with this unique instrument; then, it found us, and now we can offer it to you. A piano that's 18 years young, and in truly original showroom condition, is exceedingly rare...but here it is.

This is one of the finest Bösendorfers we've ever come across: huge bass, shimmering, singing, sustaining treble, and a rich sonorous tone throughout.

New retail on this piano is **\$136,000**, and at over 50% less than that, is a tremendous price-to-value ratio.
