Summary

This Steinway Model B Semi concert grand was a single owner piano and was built in 1973 and has been completely restored to the highest standards and is now available for audition in Nashville, TN.

This piano has an original soundboard with long, resonant sustain throughout all registers, and a deep powerful bass that approaches that of a Steinway Model "D" Concert Grand.

The action is extremely responsive, and features new German Steinway Renner action parts and New York Steinway hammers, custom treble and bass strings, along with new custom German naturals and ebony sharps.

Tonally, it is a superb example of the classic coveted New York Steinway sound,

with many overtones and colors, along with unmatched power and sonority. A comparison to any new Steinway B and this instrument will be a revelation to the seasoned player.

It will make an ideal addition to the home of a discerning pianist and musician, a smaller hall, or recording studio.
